2018-19 Electrical Training & Exam Prep Class Options - Madison, Eau Claire or Appleton, WI

(Note: This is the same class presented in three different locations on different dates for your convenience)

Taking the Wisconsin Master or Journeyman's Exam can be a daunting experience. While no class or instruction course can provide the answers needed, this course will set you on your way with a solid review of the Wisconsin State Electrical Code SPS 316 & the 2017 National Electric Code. Also covered will be techniques for finding the answers to the questions on the exam with pointers on areas to study and calculations to practice that will jump-start your study sessions leading up to the test. This class will also provide 16 CEU's for renewal of your Electrician License or Registration.

Upon completion you will have a better understanding of:

- Techniques for testing
- Motors
- Generators
- Calculations
- Raceways
- Cables
- Conductors
- Cabinets
- Service Equipment
- Utilization Equipment
- Special Occupancies
- Miscellaneous Code Information

Who Will Benefit: Anyone who is serious about passing the Master or Journeyman's Electrical Exam and desires an intense review and study session to refresh your knowledge of the electrical code, calculations and theory. This class is also a good choice for anyone who is in need of CEU's for license renewal or who simply desires to improve their understanding and ability to work with the NEC & SPS 316,.

REGISTRATION FORM - Fax or E-mail Registrations MUST be received no later than 10 days prior to the date of the class. Please telephone our office for late registrations.
